**2013 Guild Seminar**  
**Leaders: Chris Keller, assisted by Pat Murray**

The Guild Seminar is offered to those preparing for membership in the Guild for the Institute for Theological Studies at St. Margaret's. The Seminar is a point of entry into the ancient discipline of theology, understood as "faith seeking understanding." It will include introductions to leading theologians, past and present. Our emphasis will be on learning traditional approaches to major questions of perennial relevance, which can then ground our consideration of recent approaches to topics of current interest.
